

All Across Oklahoma Everyone Is Talking About Our Senator

Stratton Taylor is rapidly becoming one of the most readily recognized names in state government...and for the **RIGHT REASONS!**

From Lawton to Miami, From Idabel to Guymon, From Ardmore to Blackwell, the people know that Rogers and Mayes Counties have a State Senator who can be counted upon.

He has done a lot for us, and a lot for Oklahoma. That is why Oklahoma newspaper editors, and others, have all of these things to say about our State Senator, Stratton Taylor

"Senator Stratton Taylor, D-Claremore, chairman of the Senate Appropriations Committee, is among a new breed of highly-educated and highly-motivated lawmakers."

(The Tulsa World)

"Stratton Taylor may have saved taxpayers a bundle. The powerful chairman of the Senate Appropriations Committee asked all of the right questions. Taylor demanded specifics on hiring new employees. Hopefully, Taylor set the tone that the committee will follow with all other agencies this legislative session."

(The Lawton Constitution)

"In a plain vanilla State Senate, Stratton Taylor, D-Claremore, added some badly-needed flavoring this year. It takes more than a sense of priorities to be a good legislator—it also takes guts."

(The Oklahoma Observer)

"Stratton Taylor provides an excellent image of the Second District to the rest of Oklahoma. We can't count the friends in other parts of the state who say, 'We wish we had your state senator.'"

(Oologah Lake-Leader)

"Warning that 'middle income' students could be squeezed out of a college education by excessive costs, State Senator Stratton Taylor, powerful chairman of the Senate Appropriations Committee, has denounced tuition increases proposed by state regents."

(Municipal Contractors Association)

"I am convinced that multiplied thousands of young people in Oklahoma in the years ahead will be indebted to Stratton Taylor, who looked into their future and dared to act in their behalf."

(Jack Kelsey, President, Oklahoma Farmers Union)

"The Oklahoma Alliance on Aging salutes you on the work you have done on behalf of older adults in the first session of the 42nd Legislature. You scored 100% on our Legislative Report Card!"

(Oklahoma Alliance on Aging)

"Senator Stratton Taylor, who represents Owasso residents living in Rogers County, is easy to find. He returns calls and actually LISTENS to what 'his people' have to say. He has gone to bat for Owasso and helped correct problems many times."

(Owasso Reporter)

"The dignity of your office and the integrity of your person endears you to Oklahoma firefighters..."

(Oklahoma Firefighters Association)

"I...commend you for your efforts to streamline Oklahoma's public school system and bring it into the 20th century."

(Richard Rush, President, Oklahoma Department of Commerce)

"Your understanding and support of the role of higher education in enhancing the economic, social and cultural development of the state has been quite evident."

(Dr. L.L. Boger, President Emeritus, Oklahoma State University)

Vote August 28!

Let's Keep Our Powerful Voice In The State Senate!
